

ROI STEVEN GOZUN

Virtual Assistant | Operations and Financial Analysis Specialist

+63 921 513 4066 • Steven.Gozun@gmail.com • Quezon City, Philippines

PROFESSIONAL SUMMARY

Operations and financial analysis specialist with over two years of experience in underwriting, business management, and remote client support. Reviewed up to 50 small business funding applications per day with a consistent record of accuracy and compliance. Offers a full service range covering virtual assistance, e-commerce store management, SEO, web development, and social media management. Proficient in tools like Salesforce, Airtable, Notion, Slack, and AI platforms including Claude AI and Gemini. Known for clear communication, sharp attention to detail, and getting things done in fast-paced remote environments.

SERVICES OFFERED

SEO and Web Design

Builds sites that rank with clean markup, fast page loads, on-page SEO, and structured content so Google can read what was written and visitors stay long enough to take action.

E-Commerce Virtual Assistant

Manages online stores on Shopify, Amazon, or WooCommerce, keeping listings current, inventory accurate, orders shipped on time, and customer replies sounding human.

General Virtual Assistant

Handles inbox, calendar, data entry, research, and document prep, taking admin tasks off the client's plate so they can focus on what matters.

Web Development

Codes custom sites in HTML, CSS, JavaScript, and React. Pixel-matched to Figma files, responsive on every screen, and accessible by default.

Social Media Management

Plans, posts, replies, and reports across Instagram, Facebook, TikTok, LinkedIn, and YouTube. Keeps feeds active and on-brand with captions that sound like the client wrote them.

WORK EXPERIENCE

Fundr | Underwriter (Remote) | 2025 to Present

- Processed and reviewed 30 to 50 U.S. small business loan applications daily, analyzing 3 to 12 months of bank statements and financial reports to support accurate funding decisions.
- Verified business status, identified liens and judgments, and conducted owner background checks, maintaining a compliance accuracy rate of 98% across all reviewed applications.
- Assessed key financial metrics including average daily balance, monthly deposits, and overdraft frequency to evaluate creditworthiness and reduce approval turnaround time by 20%.
- Entered and maintained structured bank data in underwriting spreadsheets, ensuring full data integrity and enabling timely decisions for the credit team.
- Collaborated with a fully remote team across time zones, consistently meeting daily processing targets without supervision.

The Cafe Commissary | Operations Manager | 2024

- Directed daily business operations including order processing, vendor coordination, and logistics for a team of over eight staff members across multiple service lines.
- Resolved all customer inquiries and complaints within 24 hours, improving client retention and repeat order rates by an estimated 15%.

- Processed bi-weekly payroll and prepared invoices for over 20 accounts with zero errors across a six-month engagement.
- Followed up on outstanding client balances, reducing accounts receivable aging by 30% and maintaining healthy monthly cash flow.
- Streamlined order tracking and reporting using Microsoft Excel, cutting manual reconciliation time by 25%.
